

FC REALE SCHOOL PROJECT

Advance Academy School

Soccer Class

Annual Report 2022

FC REALE NEPAL collaborated with Advance Academy School to include 'soccer class' on Fridays of School extra-curriculum activities 2022/23. This soccer class starts at 11 pm to 1 pm on FC REALE GROUND with guidance of FC REALE Head Coach Mr. Bal Gopal Shahukhala. Reale coaches Anish Chakradhar and Sunil Tamang alongside a teacher from Advance School brings the students from school to ground by walk. First hour of the class is for students from class four , five and six and next hour is for class seven , eight and nine .Only the students who selected soccer in their ECA curriculm joins the soccer class. Around fourty-two students are described and demonstrated about the basic techniques of soccer with three part sessions. In the first part, fundamental motor skills such as running (forward, backward, sideways), jumping, catching , kicking , coordination are practiced while skill and cognitive development is focused in the second part of the session. The third part of session is about free play where kids express their technical and tactical ability in the game situation.

Overall development including Physical , mental and social development is the goal of soccer class! However, being a sensitive and rational human resource who can think for benefit of other people even in harsh situation is the need of nation. We try to raise the leaders of the society who can adapt, think and take action on a global perspective. School and FC REALE emphasize on individual nourishment setting an environment to have a clear goal and make an effort which is essential for human growth.

Danish (Class 5 Student)
I like soccer a lot. We are happy to have soccer class on Friday!! May we do soccer class on other days also? We also get chance to play with FC REALE Kids on Saturday which is interesting. I think I am a better player in my school. I want to keep training with my friends !

FC REALE also help the school during the participation of school in soccer tournaments. Advance Academy School participated in SEE CUP 2022 (FAIR PLAY AWARD) and U12 Inter-School Cup 2022.

-Reale Coach Sunil Tamang
On coaching Advance Kids

I am happy to coach kids here. Kids are excited to play soccer. Every Friday I get challenged to teach these kids something new about soccer otherwise they will get bored. I want to keep them curious everytime so they try to learn more. Before soccer class in Advance, I thought it was difficult for school to organize these ECA for kids in schools of Nepal. But if we are efficient and utilize the local resources we can arrange sports class. I feel confident within myself. I feel like I am also contributing for healthy upbringing of kids. I feel special. I will continue next year as well. I wish we could spend more time with students and teach them in detail about soccer !
